Post Date:

MSNCB and our testing partner Prometric are closely monitoring the coronavirus outbreak.

Test center closures are being evaluated on a case-by-case basis with a close eye on specific government actions, including closing local offices, public spaces, and university campuses, along with building closures where the test centers are located.

All test center closures will be posted on [Prometric's Website](#) [2] as closure decisions are made.

If your test site is not closed, all MSNCB policies apply for rescheduling, cancellations and extensions.
